

National Dairy Animal Well-Being Initiative
Dairy Organization Endorsement Form

Dairy producers have a long tradition of providing good care for their animals. We recognize our ethical obligation to provide appropriate care to ensure the well-being of all animals in our herd.

Following the principles and guidelines established by the National Dairy Animal Well-Being Initiative demonstrates our commitment to providing appropriate care for our animals and honestly and accurately reflects what takes place on America's dairies.

We endorse the National Dairy Animal Well-Being Initiative and encourage other producers, dairy organizations and/or co-ops to do the same.
